INDEX TO VOLUME 37

Akre, Roger D., *see* "Correcting," 169

Ammophila, nesting behavior of North American; J. A. Powell, 240

Anochetus, synonymy and variation of some species of the ant genus; W. L. Brown, Jr., 212

Anthrax limatulus fur, biology, with a key to and descriptions of pupae of some species in the *A. albofasciatus* and *trimaculatus* groups; N. Marston, 89

Arachnid records, North Dakota; G. C. Wheeler and J. Wheeler, 6

Association between a species of *Caloglyphus* (Acarina) and *Phyllophaga anxia* (Coleoptera); J. L. Jarvis, 207

Atyeo, W. T., *see Diabrotica*, 9

Batra, Lekh R., *see* Blister, 227

Behavioristic insecticide resistance in houseflies; W. W. Smith and W. C. Yearian, 63

Berlese technique, importance of, in studying ectoparasite populations upon rodent hosts; R. J. Elzinga, 52

Bhalla, Satish C., *see* Measures, 202

Bird predators, effect on winter survival of Southwestern and European corn borers in Arkansas; M. L. Wall and W. H. Whitcomb, 187

Blister galls, insect-fungus, of *Solidago* and *Aster;* L. R. Batra, 227

Book review: Ants of North Dakota, Wheeler and Wheeler; W. L. Brown, Jr., 87

Bolton, Chestina L., *see* Japygidae, 126

Boyer, W. P., *see* Surveys, 192

Brooks, Howard Leroy, *see* Pine bark, 310

Brown, W. L., Jr., *see Anochetus,* 212, Book review, 87

Bumble bees, preliminary atlas for identification of female; W. E. Hazeltine and L. Chandler, 77

Callidiini, larval habits, with special reference to *Callidiellum cupressi*; J. A. Chemsak and J. A. Powell, 119

Chandler, Leland, *see* Bumble bees, 77

Chemsak, John A., *see* Callidiini, 119, Hesperophanini, 216

Cinephotography as a tool in research and teaching; S. Radinovsky, 307

Clark, G. N., *see* Grape, 56

Colpocephalum, a new species from the the owl *Phodius badius*; R. D. Price, 210

"Correcting" behavior by insects on vertical and horizontal mazes; R. D. Akre, 169

Diabrotica species, identification by chorion sculpturing; W. T. Atyeo, G. T. Weekman, and D. E. Lawson, 9

Diabrotica undecimpunctata howardi, D. virgifera, and *D. longicornis,* species differentiation among mature larvae; C. E. Mendoza and D. C. Peters, 123

Dumas, B. A., *see* Surveys, 192

Ectoparasites of Rhode Island mammals. III. Fleas from nondomestic hosts; J. A. Mathewson and K. E. Hyland, 157

Elzinga, Richard J., *see* Berlese, 52

Emerson, K. C., *see* Mallophaga, 4

Enns, W. R., *see* Grape, 56

Epeorus (Iron), Rocky Mountain species; G. F. Edmunds, Jr., and R. K. Allen, 275

Evans, Howard E., *see* Wasps, 302

Feir, Dorothy, *see* Post-eclosion, 21

Foote, Richard H., *see* Tephritidae, 316

Grape root borer, life history, in Missouri; G. N. Clark and W. R. Enns, 56

Grasshoppers as scavengers, rangeland; R. J. Lavigne and R. E. Pfadt, 1

Halictine bees, two new genera from Araucanian subregion of South America; J. S. Moure, 265

Hazeltine, W. E., *see* Bumble bees, 77

Hesperophanini, descriptions and records, with keys to species of *Anatinomma* and *Amphelictus*; J. A. Chemsak and E. G. Linsley, 216

Hypoderma lineatum, effects of soil type, moisture level, and temperature on larval and pupal stages; J. S. Simco and J. L. Lancaster, Jr., 11

Hunter, Preston E., *see Laelaspis,* 289, 293

Hyland, K. E., *see* Ectoparasites, 157

Japygidae of North America 9. Genus *Metajapyx*; L. M. Smith and C. L. Bolton, 126

Jarvis, J. L., *see* Association, 207

Kerfoot, William B., *see Nomia nevadensis,* 152

Koerwitz, F. L., *see* Migratory, 234

Krause, Gary F., *see* Malathion, 106

Laelaspis, three new species from North America; P. E. Hunter, 293

Laelaspis vitzthumi, biology; P. E. Hunter, 289
Lancaster, J. L., Jr., *see Hypoderma*, 11
Lavigne, Robert J., *see* Grasshoppers, 1
Lawson, D. E., *see Diabrotica*, 9
Linsley, E. G., *see* Hesperophanini, 216
Malathion, effects of incremental doses applied topically to adult houseflies; L. Rai, G. Krause, and C. C. Roan, 106
Mallophaga, a new species from Malaya; K. C. Emerson, 4
Marston, Norman, *see Anthrax*, 89
Mathewson, John A., *see* Ectoparasites, 157
Measures of fitness in different genotypes of the housefly; S. C. Bhalla, 202
Melanoplus devastator, effects of photoperiod upon oögenesis; W. W. Middlekauff, 163
Mendoza, Celso E., *see Diabrotica undecimpunctata*, 123
Michener, Charles D., *see Nomia pulchribalteata*, 116
Middlekauff, Woodrow W., *see Melanoplus*, 163
Migratory potential of the army cutworm; F. L. Koerwitz and K. P. Pruess, 234
Moure, J. S., *see* Halictine, 265
Nomia nevadensis bakeri nests, with comparative notes on *N. n. arizonensis*; W. B. Kerfoot, 152
Nomia pulchribalteata nests in New Guinea; C. D. Michener, 116
Ordway, Ellen, *see Sphecodes*, 139
Peltodytes, a new species from Mexico; F. N. Young, 112
Peters, Don C., *see Diabrotica undecimpunctata*, 123
Pfadt, Robert E., *see* Grasshoppers, 1
Pine bark aphid, *Cinara watsoni*, biology and response to temperature; H. L. Brooks and L. O. Warren, 310
Pine cones, insects of, in Arkansas; W. C. Yearian and L. O. Warren, 259
Post-eclosion shedding of a membrane by *Oncopeltus fasciatus*; D. Feir, 21
Powell, Jerry A., *see Ammophila*, 240, Callidiini, 119
Price, Roger D., *see Colpocephalum*, 210
Pruess, K. P., *see* Migratory, 234
Radinovsky, Sydney, *see* Cinephotography, 307
Rai, Lallan, *see* Malathion, 106
Reinhard, H. J., *see* Tachinidae, 35
Rice water weevil, factors influencing larval infestations; L. H. Rolston and P. Rouse, 29
Roan, C. C., *see* Malathion, 106
Rolston, L. H., *see* Rice, 29
Rouse, Phil, *see* Rice, 29
Simco, J. S., *see Hypoderma*, 11
Smith, Leslie M., *see* Japygidae, 126
Smith, William W., *see* Behavioristic, 63
Sphecodes pimpinellae and other enemies of *Augochlorella*; E. Ordway, 139
Surveys of predaceous insects in soybeans, effect of various factors; B. A. Dumas, W. P. Boyer, and W. H. Whitcomb, 192
Tachinidae, North American; H. J. Reinhard, 35
Tephritidae, notes on Walker types of New World; R. H. Foote, 316
Trail following of army ants, genus *Neivamyrmex*, laboratory experiments; J. F. Watkins II, 22
Wall, Marvin L., *see* Bird, 189
Warren, L. O., *see* Pine, 259, 310
Wasps, solitary, prey and nesting behavior in Mexico and southwestern U. S.; H. E. Evans, 302
Watkins, Julian F., II, *see* Trail, 22
Weekman, G. T., *see Diabrotica*, 9
Wheeler, George C., *see* Arachnid, 6
Wheeler, Jeanette, *see* Arachnid, 6
Whitcomb, Willard H., *see* Bird, 187, Surveys, 192
Yearian, William C., *see* Behavioristic, 63, Pine, 259
Young, Frank N., *see Peltodytes*, 112
